## Delay In End Of Oil Strike

### Less Gas For Planes: More For Farmers

Denver, May 16—(AP)—Only small, isolated settlements were reached today as hopes for an immediate end to the nation's oil strike began to fade.

Oil and gasoline shortages spread as the hoped-for back to work movement reached no more than a trickle. More commercial air flights were cancelled, especially across the Atlantic.

The government slightly eased one restriction. It authorized the use again of aviation gasoline for agricultural and forest protection purposes.

Delaying an end to the 16-day-old strike by 50,000 workers in 22 unions was a general disappointment over a government lid on wage increases—the big issue—and a desire to haggle more closely over other, lesser details.

Workers Vote Down Offer  
Despite recommendations of top union officials that they accept, 10,000 workers covered by the industry's only nationwide contract tonight reportedly were voting down the latest offer.

The contract covers Sinclair Oil Corp. and its subsidiaries with production in half a dozen states and a pipeline that runs from the Gulf coast to the Atlantic.

The offer included the hourly wage increase of 15 cents which the Wage Stabilization Board indicated is the highest it will approve. The union asked 25 cents originally, but offered to compromise at 18¢. The contract also would grant the requested night shift differentials of 8 and 12 cents instead of the current 4 and 8 on top of average \$2 to \$2.10 hourly pay.

Retrospective pay of slightly more than 9 cents an hour would be paid back to January 1. This was one stumbling block. O. A. Knight, president of the CIO Oil Workers union, said.

No Injunction At Wood River  
Edwardsville, Ill., May 16—(P)—Circuit Judge Quinten Spivey said today that in view of possible settlement of the strike, he would not issue an injunction requested by Standard Oil of Indiana for its refinery at Wood River.

The company had sought a temporary injunction against mass picketing and trespassing. Officers of the striking Central States Petroleum Local 115 contend they are permitted by law.

Judge Spivey said he would not issue an injunction unless violence breaks out at the refinery. He warned the union that if it does he will sign the order immediately.

Meantime, the union continued to negotiate with management for settlement of the dispute. A union spokesman told reporters the company has agreed to a 15 cent pay raise but that management was still talking on shift differential pay.

## S.S. United States Tops Speed Of Liner Queen Mary

Aboard the S. S. United States, May 16—(P)—The United States, new queen of this nation's merchant marine, has exceeded the 31½ knot British Queen Mary averaged on her record Atlantic crossing.

For reasons of national security, however, few details were available about the United States' performance. How fast the ship traveled was not disclosed.

The ship's speed is important in national defense since she would be converted into a troop transport in the event of war.

Her builder's trials completed, the 52,000-ton liner headed homeward briskly today through glass-smooth seas.

FOUND: AN HONEST POLITICIAN  
Pinckneyville, Ill., May 16—(P)—State Rep. D. R. Hammack found \$1,600 yesterday in the pockets of a man's suit which had been sent to the cleaning and pressing establishment he operates here.

Today Hammack returned the money, in \$100 bills, to the owner—Charles Saltzman, an auto dealer.

Saltzman thanked his Democratic friend and remarked: "I'm glad we have got an honest politician. They usually take us to the cleaners."

A CASUALTY OF WORLD WAR I  
Hampton, England, May 16—(P)—A 59-year-old truck driver died today from enemy action—in World War I. The coroner said war veteran William Hughes died from a German bullet wound received 38 years ago.

THIEVES STEAL THEIR TEA  
London, May 16—(P)—Thieves smashed into a London subway office early today. All they got was a quarter pound of rationed tea.

## Eisenhower Leads In Oregon Race; Kefauver Ahead

BULLETIN  
By The Associated Press

Returns from 91 of the state's 226 precincts established an early Eisenhower trend expected to be maintained. The vote:

Eisenhower, 2,980; Gen. Douglas MacArthur, 439; Governor Earl Warren of California, 190; Taft (write-in) 92; Sen. Wayne Morse of Oregon, 128; Harold Stassen, 24.

On the Democratic ticket, the same 91 precincts gave Kefauver 2,155; Supreme Court Justice William O. Douglas, 435; and Gov. Adlai Stevenson of Illinois, 372. Douglas and Stevenson, entered without their permission, urged the state's Democrats not to vote for them.

Portland, Ore., May 1—(P)—General Dwight D. Eisenhower set a fast lead for other Republican candidates in the first county to check returns in the Oregon presidential primary today.

The vote came from Malheur county, a farming area in southeastern Oregon and the only county on mountain standard time. The other 35 counties are in the Pacific time zone, one hour behind.

Eisenhower pulled away from five other candidates with a vote of 204 in five of 34 precincts. General Douglas MacArthur, entered against his wishes, polled 45; Governor Earl Warren of California 22; Sen. Wayne Morse of Oregon, another unwilling candidate, 10; and ex-Gov. Harold Stassen of Minnesota, 24.

Sen. Robert A. Taft of Ohio, who was not on the ballot, received 13 write-in votes, in one precinct. Eighteen GOP national convention delegates were at stake in the primary.

On the Democratic ticket, returns from five precincts gave Sen. Estes Kefauver of Tennessee 127; Supreme Court Justice William O. Douglas, 17; and Gov. Adlai Stevenson of Illinois, 11. Neither Douglas or Stevenson campaigned for the 12 Democratic delegates.

## Newsprint Price To U.S. Publishers Raised By Canada

Washington, May 16—(P)—U. S. newspaper publishers were in effect handed a bill for 50 million dollars a year today when it was announced that exported Canadian newsprint will go up by \$10 a ton on June 15.

The Truman administration immediately asked the Canadian government to reconsider and rescind its approval of the price hike, which would be the second \$10 boost in less than a year and which would raise the price of the paper on which newspapers are printed to an all-time peak of \$126 a ton.

Publishers' representatives said they may ask the government to take further action.

Sen. Edwin C. Johnson (D-Colo.) suggested that a study be made to determine whether the U. S. "should retaliate by upping the price of sulphur, which these newsprint producers must get from us." He called the \$10 boost completely unjustified.

Newsprint consumption runs at the rate of about 80 pounds a year for everyone in this country. About nine-tenths of all U. S. newsprint comes from Canada. Conversely, Canada exports to the U. S. about the same share of her vast production.

Government officials in Washington and Ottawa attributed the new price hike by Canadian producers to higher costs and to a difference in the exchange rate for U. S. and Canadian dollars, cutting the return to the newsprint mills.

"I am afraid that it will move many newspapers from the black into the red," Charles McCall, president of the American Newspaper Publishers Association (ANPA), said of the prospective increase.

McCall, who is general manager of the Cleveland News, termed the impending price hike "a most serious matter for every newspaper" but withheld official comment on behalf of ANPA.

PERUVIAN OFFICER INSPECTS NAVAL CENTER

Great Lakes, Ill., May 16—(P)—Rear Adm. Roque A. Saldias, secretary of the navy to Peru, arrived at the Great Lakes Naval Training center today to begin a three-day inspection tour of naval installations in the Chicago area.

Traveling in civilian clothing as secretary of the navy rather than as an admiral, Saldias was greeted with a 19-gun salute prescribed for cabinet members.

Sunday, the Peruvian officer will tour Glenview Naval Air station before departing to visit the Atomic Energy plant at Oak Ridge, Tenn.

## Autocratic Rule Feared By General

Detroit, May 16—(P)—Gen. Douglas MacArthur urged America today to "reorient" the course of government.

The General made his plea in a speech on the steps of the city hall after being cheered by hundreds of thousands of persons during a spectacular 90-mile motorcade trip from Lansing.

The trip of the 72-year-old war hero reached its climax in Detroit where he addressed a big crowd.

Addressing "the working men and women of America," MacArthur declared:

"They must insure that the course of government be reoriented from the arbitrariness of autocratic rule which is leading us inexorably toward the regimentation of a military state."

The theme was like that of his speech Thursday night before a joint session of the Michigan legislature in Lansing. There he said maneuvering upon the American scene of the ugly threat of a military state.

In Washington, this statement was interpreted as a reference to the Republican presidential candidacy of Gen. Dwight D. Eisenhower, and it drew mixed reaction.

In industrial Detroit the General said he was convinced Americans "will take a firm and invincible stand in the coming constitutional battle to save America as we have known it."

He urged "the working men and women" to "resist experimentation by government designed to replace our traditional freedom . . . with collective theories."

"They must resist being betrayed into political indebtedness through the bestowal of special privilege," MacArthur advocated limiting the government's exercise of the taxing power and said he favored a "frugal public administration."

## U.N. Employee Won't Answer To Spy Ring Charge

Washington, May 16—(P)—A United Nations employee under discharge notice refused today to tell investigating senators whether he is a member of a Communist spy ring.

Irving Kaplan, 51-year-old New Yorker who went to work for the U.N. in 1948 after a long career in government service, also refused to say whether he is a member of the Communist party, or has been in the past.

His refusal on the constitutional provision against self-incriminating testimony in refusing to answer those and many other questions.

The Senate internal security subcommittee, before which he appeared, was told yesterday that after he refused to answer similar questions, put by a New York grand jury, Kaplan was fired by the U.N. effective May 29.

That testimony came from David Weintraub, Kaplan's U. N. superior, who said Kaplan's discharge was ordered by U. N. Secretary General Trygve Lie. Weintraub was recalled today and was questioned closely about his acquaintance with persons on a committee of attorney described as Communists.

Kaplan, a stooped man with a husky voice, said he was employed in the U. N. division of economic stability and development, of which Weintraub is director. He said he would decline to answer other questions about his relations with Weintraub.

## Seaman Hopping Gets Discharge For Criticism

Pearl Harbor, May 16—(P)—Seaman Bruce S. Hopping was convicted and sentenced to a bad-conduct discharge today on charges of criticizing Navy discipline and trying to discredit publicly his commanding officers aboard the salvage ship Reclaimer.

After hearing the sentence, the 30-year-old Port Newark, N.J., lumbar executive in civilian life, said "I'm glad."

"If it was just an ordinary seaman," he added, "they would have given him the full strength of the penalty."

The special Navy court martial could have sentenced Hopping to six months at hard labor.

Hopping's civilian attorney, announced he would file an appeal brief to go with the case in the automatic steps of military review.

The case, after review by Rear Adm. Charles H. Morris, 14th Naval district commandant, will go to the Navy judge advocate in Washington.

With Hopping's challenge that the prosecution violated the Bill of Rights guarantee of free speech, the case likely will go to the military board of review, a body of civilian jurists which reviews questions of law.

Now it's up to the Congress and the people of the United States to see to it that the very fundamentals of the military legal system are investigated," Hopping said.

## 'Free World's Defense Is Global'—Ike Says

### BULLETIN

Boston, May 17 (Saturday)—(P)—The Navy said early today that its radio station at Winter Harbor, Me., reported "what was thought to be a submarine had been sighted 500 yards off the coast"—but weather defeated efforts to check.

"No conclusions as to the sighting being an actual submarine are practicable," the First Naval district public information officer said in a statement.

Informally, he added that experienced submariners doubted, from the facts available, that the object sighted could have been a submarine.

No American submarines were in the area, Navy sources said.

## Car Of U.S. Consul In Tunis Fired On By French Troops

Tunis, Tunisia, May 16—(P)—French troops, apparently suspecting evasion of the curfew, shot up the motor cars of U. S. Consul General John D. Jernegan and a member of the French governor general's staff in ancient Carthage early today.

No one was injured. But two sub-machinegun bullets pierced Jernegan's machine as he drove with his wife and Mr. and Mrs. Louis Horowitz of Cleveland, O., toward his home at 1 a.m. and several smashed into the car of the Frenchman, William de Feytaud, in the same area 90 minutes later.

The consul general, who is leaving this tense French protectorate Monday for home leave and reassignment, said Resident General Jean de Hautecloque had expressed his regrets and ordered troops in the area not to be so nervous on the trigger.

Though a curfew applies in Tunis and its suburbs, including Carthage, from 8:30 p.m. to 5:30 a.m., officials and diplomats have passes which permit them to move about at will. It was with such a pass that Jernegan was on the road. Horowitz is the representative in Tunisia of the American joint distribution committee, a Jewish welfare organization.

"It was nothing very exciting," Jernegan related in an interview. "I was returning to my house last night. It appeared there was a military control on the road. They say they challenged me to stop. As I didn't, they fired a burst of sub-machine fire into the car."

"I didn't see anybody or hear anything. There was no one on the road in front of me. Normally control troops carry a lantern or a flashlight, but I saw neither of these. There certainly was no barricade. Fortunately no one was hurt. In fact I didn't even know we had been hit until I saw the bullet holes in the car this morning."

A helicopter airlift yesterday brought them fresh food and air mattresses after the men and women spent Wednesday night curled up in blankets on the hard floors.

More fresh food such as milk and bread was flown in today by plane over the heads of the pickets. Staple foods were available in quantity from the laboratory's two cafeterias.

The scientists and supervisory employees have pledged themselves to sit out the strike in the plant to keep research going as they can. Actual production of drugs has halted, however.

Lederle, a division of American Cyanamid Co., also turns out penicillin, sulfa drugs and about 350 other drug products. It is one of the world's largest laboratories of its kind.

Knetzer Has Bond, Contempt Charge Keeps Him In Jail

Springfield, Ill., May 16—(P)—An old civil contempt of court action kept Robert L. Knetzer, bankrupt Edwardsville auto dealer, in jail today even though he offered an acceptable \$50,000 bond on three indictments.

Federal Judge Charles G. Briggie accepted the bond but returned Knetzer to jail under the contempt action which cost him his freedom in March, 1950, when he was given an indefinite sentence.

Knetzer's attorney, William Giffin of Springfield, received court permission to argue Monday against the continued imprisonment of his client.

The contempt action was applied during the bankruptcy case because Knetzer failed to turn over \$250,000 in assets the court found to be in his possession. Knetzer has since come up with \$17,000 of the amount.

He had been held under \$50,000 bond since three criminal indictments were returned last week charging fraud, concealing of assets and perjury.

Planes Get 20 Red Guns In Korean Raids

Seoul, Saturday, May 17—(P)—Allied war planes Friday roared into force in clear, warm skies, knocking out 20 Red guns on the front and cutting the Red railway in 64 places behind the lines.

## Youths Rally In E. Berlin's Red Square

Berlin, May 16—(P)—Communist leaders whipped a crowd of nearly 200,000 East German youths into a frenzy of anti-western hate late today with demands that they "act now to defend the peace."

The inflammatory rally in East Berlin's "Red Square" put Allied troops and reinforced West Berlin riot police on the alert against the possibility that Communist fanatics would be incited to try to storm the sector borders.

But the meeting ended with no attempt by the youths at a mass invasion of West Berlin, and all was quiet tonight along the East-West line that divide the city. The authorities did not relax their vigilance, and special police stayed on the job.

The giant youth rally was called to protest the death of a 21-year-old Red demonstrator in a riot at Essen Sunday that police quelled with firearms. The Reds have raised the dead youth—Philip Mueller—to the status of a martyr.

While the crowd roared approval, a resolution was adopted charging West German Chancellor Konrad Adenauer and Interior Minister Robert Lehr with the "murder" of Mueller.

Allied officials who monitored the talks from a broadcast over the East Berlin radio were admittedly concerned at the tone of the declamations and the yells of approval when leaders shouted: "Out with Adenauer and his bloodhounds. Out with the American warmongers."

It was obvious that the killing of Mueller by police, who said they were returning Communist gunfire in the Essen riot, was being used by the Reds in their stepped-up campaign against the proposed joining of a rearmend West Germany to western defense.

All the developments of the past week—developments which have put East-West relations on top of a powder keg—have been connected with the impending peace contract between the Allies and Adenauer's Bonn regime.

Communist opposition to the peace contract—expected to be signed by the end of this month—has given them an excuse for turning already well-armed police "alert units" into the hard core of an East German army.

Scientists, Animals Strike Bound In Wonder Drug Plant

Pearl River, N.Y., May 16—(P)—Half a million noisy animals were blockaded today with top rank scientists in Lederle Laboratories' strike bound wonder drug plant.

Massed AFL pickets let in two truckloads of food for the animals, isolated with more than 400 humans in the big 400-acre laboratory.

But this was only a drop in the bucket to what the animals need and the company was trying to arrange for more.

The animals—horses, cows, guinea pigs, mice, monkeys, sheep dogs and cats—were used to test drugs at Lederle the world's only producer of the wonder drug aureomycin.

The 400 humans—including the company's 50 to 60 top scientists—were getting along well as they headed into their third night of self-imprisonment.

A helicopter airlift yesterday brought them fresh food and air mattresses after the men and women spent Wednesday night curled up in blankets on the hard floors.

More fresh food such as milk and bread was flown in today by plane over the heads of the pickets. Staple foods were available in quantity from the laboratory's two cafeterias.

The scientists and supervisory employees have pledged themselves to sit out the strike in the plant to keep research going as they can. Actual production of drugs has halted, however.

Lederle, a division of American Cyanamid Co., also turns out penicillin, sulfa drugs and about 350 other drug products. It is one of the world's largest laboratories of its kind.

## Warner Studios Fight Fire, Result Of Explosions

Burbank, Calif., May 16—(P)—Fire, punctuated by two explosions, today swept a huge sound stage and three outdoor sets at Warner Brothers studio, but there were no casualties reported.

The roof and one wall of the sound stage caved in within 45 minutes after the fire broke out shortly after noon. Scores of Burbank and Los Angeles firemen were fighting the blaze.

A studio spokesman said the fire apparently started in one of the houses on the New York Brownstone street set. Producer Rudy Fehr smelled smoke and turned in the alarm.

No crew was working in the sound stage, but it had been rigged up for use in a current production next week.

Two sharp explosions rocked the sound stage after the fire spread to its roof. They were believed caused by chemical tanks.

I AM AN AMERICAN DAY

Springfield, Ill., May 16—(P)—Governor Stevenson today issued a proclamation designating next Sunday as I am an American day in Illinois.

## Truman Demands Solons Give Funds For Armed Forces

Washington, May 16—(P)—President Truman declared tonight that "We're on the verge of success" in the drive for world peace and demanded that Congress provide the funds he considers necessary for America's armed forces in this drive.

Speaking off the cuff at a national Armed Forces Day dinner, the president accused men in and out of Congress of "playing petty politics" with defense appropriations and asserted that "in this cold war Congress must give what we ask."

He declared that talk of defense funds as a burden on the nation and as a potential cause of "economic bankruptcy" is "poppycock."

The only people who have suffered hardships as the result of American efforts, Truman asserted emphatically, are the men in the Korean fight and their families back home.

Referring to the men in the field, men in the mud, men in the air and on the sea, Truman told his audience in a manner which clearly showed he was directing his remarks at Congress, "you must not do anything that will cause those men to get shot in the back."

The president spoke after Secretary of State Dean Acheson had declared that only a coalition of free nations led by the United States can prevent Russia from "engulfing the world."

Truman recalled that a year ago he had told a similar audience that the world was in the midst of one of its greatest crises which had to be met by American leadership and he said "we've had our ups and downs but we've come a long way" since then.

"The path of an aggressor will be much more difficult because of that," the president said, "and that means that the chances of a third world war are just that much less."

He has spent seven and a half years trying to secure peace and avert the dangers of another war, Truman went on, "and I think we're on the verge of success in what we're trying to do."

He said that some people become discouraged and fearful, but "I don't go along with that crowd."

## Murray Accuses Sawyer Of Bias In Steel Fracas

Philadelphia, May 16—(P)—Steelworkers President Philip Murray today accused Secretary of Commerce Sawyer, boss of the seized steel industry, of an "unthinkable degree of bias" in federal handling of the steel dispute.

Murray did not immediately explain his remarks to the closing session of the steelworkers convention, but he lit into Sawyer and told the union delegates that the commerce secretary is "no friend of yours."

Sawyer was not immediately available in Washington for comment. Murray read a letter from Sawyer, which said that while workers generally had taken care during the recent three-day steel strike to preserve mill equipment and other facilities, that this was not universal.

Murray said it is the federal policy of the steelworkers union in the event of a strike to close down mills and furnaces in an orderly manner to avoid damage. He said that any damage occurring during the recent strike was due to failure of the steel companies to make arrangements with the union for proper shutdown precautions.

"The implication here," Murray said, waving Sawyer's letter, "is designed to show that the steelworkers will not protect property."

The union leader said that Sawyer knew this and rather than write the union, the government should instruct steel companies to make necessary shutdown preparations with the union when a walkout occurs.

The steelworkers' president broke into a bitter rant-and-ride debate on the dues increase issue and insisted "there is no greed in this matter on the part of the officers, no selfishness, certainly no theft . . . but we must keep our organization financially solvent to beat down the industry."

About 300 of the 2,500 delegates to the union's sixth biennial convention loudly protested passage of the constitutional amendment to raise dues from \$2 to \$3 a month, and the initiation fee from \$3 to \$5. But the majority, egged on by Murray, shouted and outvoted them.

Lineman Electrocuted: Father Met Like Death

Granite City, Ill., May 16—(P)—Norman Haskell, 26, Illinois Power company lineman, was electrocuted atop a 40-foot pole today, just 10 months after his father was killed in a similar accident.

Haskell was working on the pole in Granite City with another lineman, T. A. Fornkahl. Fornkahl told authorities he heard the sound of an electric arc and turned to see Haskell slump against the pole.

The other worker lowered Haskell to the ground where a fire department crew unsuccessfully tried to revive him.

The father, Milton Haskell, was killed in Hills, Ill., last July.

## Prevent War, Acheson Says

### Truman Demands Solons Give Funds For Armed Forces

Washington, May 16—(P)—President Truman declared tonight that "We're on the verge of success" in the drive for world peace and demanded that Congress provide the funds he considers necessary for America's armed forces in this drive.

Speaking off the cuff at a national Armed Forces Day dinner, the president accused men in and out of Congress of "playing petty politics" with defense appropriations and asserted that "in this cold war Congress must give what we ask."

## HST Seeks Remedy For Shore Damage On Great Lakes

Washington, May 16—(P)—President Truman called on army engineers today to provide a remedy for high water damage to property on the shores of the five Great Lakes.

The record high levels of the last few years, according to congressmen from the lake states, have caused damages of over a billion dollars.

The president, in identical letters to 35 House members from the lake states who several days ago petitioned him to provide remedial action, said he had directed the engineers to survey the damage and recommend a remedy.

The protesting congressmen have described the damage as "a creeping catastrophe."

The high waters have inundated valuable low-lying agricultural lands, smashed beach and shore homes and, in some cases, destroyed property not directly on the lake shores through erosion.

The lake states congressmen told the president that the causes of the high water were in part, man-made.

They alleged that in at least two instances the lake levels have been "substantially" raised as a result of authorizations extended to Canada by the United States "to accommodate Canadian commerce or augment Canada's hydroelectric power potential."

## Red POW's Defiant As Gen. Boatner Takes Command

Koje Island, Saturday, May 17—Defiant Communist prisoners, some still flaunting Red flags, watched sullenly today as the United Nations command beamed up its guard-line with sandbag pillboxes and armored towers.

Veteran frontline troops reinforced the island garrison.

The new muscle, in clear view of some 80,000 Red prisoners, emphasized the statement of Koje's new camp commander, leatherary Brig. Gen. Haydon L. Boatner, that the Communists were going to obey orders—and the Red flags were going to come down.

Boatner took over Tuesday in the wake of the latest Red disorder. Prisoners of compound 76 had snatched Brig. Gen. Francis T. Dodd and held him four days while negotiating terms for his release.</

## TOO STRONG MEDICINE

There is an easy assumption in the public mind that  
the oil strike will be settled before a critical shortage  
of gasoline and other petroleum products develops. But  
suppose this strike isn't settled for many weeks? The im-  
agination can scarcely grasp the consequences to Ameri-  
can life. There would be no certainty about anything in-  
cluding essentials such as food and health safeguards.

Wage Stabilization Board, now thoroughly dis-  
credited, made a bid for a settlement, apparently to no  
effect. If a settlement is not reached, President Truman  
will have his choice of taking some dubious action or in-  
voking the Taft-Hartley Act which he despises. That law  
would provide an 80-day injunction against the strike,  
with some chance of a settlement being reached before  
expiration of that period.

Leader of organized labor are determined to put  
wages as high as possible before Congress makes sweep-  
ing changes in the controls system. It may be helpful, too,  
in their view, to cut petroleum supplies back so that a de-  
veloping over-supply situation is eliminated.

But the throttling of America through industry-  
wide strikes is too strong a medicine for the country to  
swallow, dose after dose. The problem demands a solu-  
tion, and it is up to Congress to supply it.

THE POOR MAN'S PHILOSOPHER  
ON THE COLLEGE BOY RAIDS

New York—(P)—The nation-wide  
rash of raids by college boys have  
become dormitories strikes a cheerful  
yarn note in a mad and angry  
world.

Others may cavil at these antics,  
but they restore my faith in youth  
and higher education. They show  
that the young of our land still  
have the quality of mild rebellion  
under the influence of spring and a  
full moon.

Most of these mass raids have  
been in quest of coed bras and pan-  
ties, and some of the bluenosed gen-  
tlemen will surely see this as a new sign  
of moral decadence and ask suspi-  
ciously:

"What do the boys want with those  
things anyway?"  
The answer to this is simple and  
practical. Soaked in cold water and  
tied around a troubling head, these  
garments will help many a fellow  
bore up for his final exams. They  
beat a towel all hollow.

There is historical precedent for  
this. In the days of chivalry the  
knight always rode off to battle  
carrying a token—usually a glove—  
from his lady fair. The trouble with  
a glove is that you can't tie it around  
your head.

This epidemic of group student  
raids is naturally worrisome to deans  
of men and local police. And, of  
course, it would be bad if they really

got of hand.

But sometimes college boys have  
to erupt and show they are some-  
thing more than tame receptacles  
to be stuffed with stale knowledge.

A little larking now and then helps  
teach them in academic authority to  
respect the fact that these young  
"hopes of tomorrow" have the qual-  
ity of rebellion as well as submission.

Those nocturnal forays into sor-  
orities prove that they are in es-  
sence nothing but a mild revolt  
against the boredom of the common-  
place which weighs upon us all.

It might help care-ridden adults if  
they had some such harmless out-  
lets of resentment against routine as  
are available on the campus.

Naturally, I am not suggesting  
that men who work in an office or  
factory band together and raid the  
nearest YWCA for bras and panties.

Ah, no, such escapes are for the  
young and unfettered.

But it might lighten up the Inter-  
national tension if the world leaders  
and diplomats would quit making  
faces back and forth and join in a  
bit of innocent skylarking.

How much would you pay to see  
Harry Truman and Dean Acheson

Anything to get life back into  
perspective!

Grandmother as Unpaid Baby  
Sitter Is Taken for Granted

"Are you and your husband one of those couples who say snugly: 'Oh,  
we don't have any baby-sitting problem. Mother will come over and stay  
with the children any time.'"

If you are, maybe you ought to read this letter to me from an always-  
available though secretly rebellious baby sister.

"I'm 65 years old. My children are all grown and married and one  
son and his family live in the same town with me.

"My son and his wife like to go out several nights a week, never fewer  
than three and often five. When they decide to go out they telephone me,  
often at the last minute, to say: 'Are you doing anything tonight?'"

"My answer is always 'no' because I don't go out in the evening, being  
a widow and living alone.

"So when the next question comes 'Will you come over and sit with  
the children?' there is nothing for me to do but say 'yes' and try to sit  
it as though I really want to.

SHE SHOULD SHOW INDIFFERENCE

"Often, though, I don't. Going over to my son's house and sitting  
with the children sounds easy. But it isn't at the end of a day when I'd  
like to be able to putter around my own house, go to bed when I want to,  
etc.

"Instead, I spend the first part of the evening trying to keep the  
children from fighting, then getting them all to bed against their pro-  
tests.

The rest of the evening is long waiting for my son and his wife to  
come home so that I can go home and get to bed. The time always  
seems long, for they never give me any idea of when to expect them.

"Do you think I'm just a cranky old woman for resenting being  
turned into an unpaid babysitter?"

Not at all. But why resent the situation when you can change it?  
Simply tell your son and his wife what you have written to me. Tell  
them you love the children and will gladly stay with them one night a  
week. But the other evenings you want for yourself.

You won't lose their love for that show of independence. And you  
may even get a larger portion of respect.

Hollywood—(NEA)—Guys and  
Dolls: Let other movie queens dole  
out recipes for lemon pies and tell  
how they cured jitters of his temper  
tantrums—Joanne Dru's through  
with being right up in front in the  
actors-are-such-homebodies parade.

It's sexy cheesecake noses, glamor  
and no mentions of the backyard  
washline for gorgeous Joanne from  
now on.

"I want role with some zing to  
them," she said, "and who's going  
to cast an actress who's always  
being photographed with her child-  
ren as anything but a sweet, dull  
girl?"

"I suppose it's wonderful to  
achieve a happy home life in Holly-  
wood, but people like to think of  
stars as creatures from some other  
planet. The minute they know that  
there are a lot of kiddies around the  
house and that you're whining their  
noses, the glamor's gone."

It must be the year for guys  
named Ray.

First Johnnie Ray sobs his way  
to stardom and now Aldo Ray, is  
slated to play the coveted role of Ensign  
Keith in "Caine Mutiny" when he  
completes "From Here to Eternity."

Aldo, who just completed a co-  
starring role with Hepburn and  
Tracy in MGM's "Pat and Mike,"  
confirmed the tip that he's the lad  
for "Mutiny."

"Yep, I've heard about it and I'm  
keeping my fingers crossed," he told  
me at John Walsh's Deauville.

He also slipped me the word that  
the studio won't let him take acting  
lessons.

"They want me the way I am,"  
grinned the World War II veteran  
who clicked as Judy Holliday's lead-  
ing man in "The Marrying Kind."

"They tell me that if they wanted  
drama students, they could get them  
at a dime a dozen."

But What Costumes?

Other movie queens can have the  
modern wardrobe roles—georgious  
Deborah Kerr is happy with the cos-  
tume epics.

There's been a whole series of  
them for her—the latest is "The  
Prisoner of Zenda"—and she's con-  
fessing.

"There are rumbles from the front  
office that my next film will be a  
modern dress comedy. But I really  
don't care. I guess I'm just a cos-  
tume movie girl. Costumes make  
me feel more like I'm acting."

A problem for the censors in her  
17th Century "Zenda" once-upon-a-  
time princess gown?

Her answer: "We're doing every-  
thing we can to shock the people."

Move over Gregory Peck and  
Arthur Kennedy—Sterling Hayden's  
boining up on the acting art, too.  
It's a switch for Sterling, who said  
"to heck with it" about acting know-  
how when he started his movie  
career and admits that "I never  
even read the scripts of my first  
two pictures."

"It was because I was scared," the  
rugged, blonde star confessed on the  
"Hellbore" set. "I pretended to be  
indifferent about acting so that  
nobody would take me seriously.  
People advised me to be myself.  
They said it would pay off not to  
know what I was doing."

"So I went on that way. But you  
get what you give. I got the state.  
Now I'm studying. I want to be a  
good actor and learn the rudiments  
of the acting craft."

Sleepy, Not Tired

"I'm not discouraged about my  
career! I've had one of my best  
years in Hollywood. I love life and  
I love work."

A Mercedes talking about head-  
line hints that she was tired of it  
all after a recent home accident in  
which she took an overdose of sleep-  
ing pills.

"It could have happened to any-  
body who was as ill and as rundown  
as I was at the time," Una told me.  
"I telephoned my doctor and fol-  
lowed his instructions. Next thing I  
knew I was at the hospital. But I  
was touched to think that I was  
important enough to read headlines."

Blonde, Dixie-drawled Una has  
chained up 22 years as a Hollywood  
actress and recalls.

"I came out to play Ann Rutledge  
with Walter Huston. Sometimes I  
think I came out to play her with  
Abe Lincoln himself."

Start polishing up a star for new-  
comer Dewey Martin. Howard  
Hawks introduced him in "The  
Thing" and "The Big Sky" and is  
saying:

"I think Dewey's going to be a big  
star. He'll hit as hard as Mont-  
gomery Clift hit in 'Red River.'"

A star-maker from way back,  
Hawks had this to say about new  
movie faces on Fox: "Monkey Busi-  
ness" set:

"I believe in new stars, but Holly-  
wood talks about them too much  
before there's any film on them.  
The public, not publicity depart-  
ments, should discover new stars."

Balcony ushers are better than  
censors in ridding the movies of  
torrid love scenes.

All Congressmen Agree  
Economy Good For U.S.  
But Not For Themselves

By James Marlow

Washington, May 16—(P)—In a  
spirit of perfect harmony the House  
Democrats and Republicans have  
voted for a device for knocking thou-  
sands of dollars off their own in-  
come tax.

In this election year the men on  
Capitol Hill have called for economy  
in a stern tone that could be heard  
by the folks back home. And they  
have cut a slice of virtually every  
government spending bill that came  
before them.

Yesterday, up came the annual bill  
covering the expenses of Congress  
for another year. Instead of cutting  
money for Congress, they upped it.

The bill, prepared by their own  
appropriations committee whose job  
is to glare at every penny before de-  
ciding it can spend, called for \$62-  
391,780 for congressional expenses.  
The House increased this by \$1,500.

More Office Allowance

Then the House voted to let every  
one of its members—there are 435  
seats—spend up to \$900 a year for  
office space back home if he can't  
find free space in some federal  
building there. Senators already  
have such an allowance.

If every member of Congress took  
advantage of this, the cost to the  
government would exceed \$477,000 a  
year.

In the midst of this came an  
amendment from Rep. McCormack  
of Massachusetts, leader of the Demo-  
crats. This amendment wasn't a  
sudden emotional notion by McCor-  
mack. It had been figured out by tax  
experts.

The Republicans promptly said  
they had no objections, which might  
indicate they thoroughly knew be-  
forehand what was in the amend-  
ment. It passed without argument,  
much to the astonishment of the re-  
porters in the gallery who seldom  
see the Republicans and Democrats  
agree on anything.

The amendment provides that the  
place of residence of a member of  
Congress is the state, district or ter-  
ritory he represents shall be consid-  
ered to be his home for purposes of  
the federal tax law.

Big Tax Deduction

The reporters checked with the  
Internal Revenue Bureau where they  
learned this is what the amendment  
means: It would let members of  
Congress deduct as business ex-  
penses all their expenses while liv-  
ing and working in Washington,  
away from home.

This would include the cost of  
food, transportation, hotel expenses,  
or expenses for renting or owning a  
house, tips and so on. A member  
couldn't deduct for the expense of  
his family.

Since some members of Congress  
live in very high-priced hotels, this  
live-in amendment might mean  
McCormack amendment might mean  
no income tax for them at all. It  
would certainly mean far less in-  
come tax for all members of Con-  
gress.

All members of Congress, in House  
and Senate, receive \$12,500 yearly in  
taxable pay, plus a non-taxable \$2-  
500 for expenses. After next Jan. 1  
they will have to pay on the \$2,500.  
They voted last year to make it tax-  
able.

If you're one of those who keeps a  
record on how his congressman  
votes, you'll have to leave a blank  
space in your book on this one. The  
House members didn't vote by name,  
but by voice which identifies no one.

Still, it can't become law unless  
the Senate also approves.

In recent months the Great Lakes  
have risen to more than four feet  
above normal.

BEDOUIN LAW CHANGE

Cairo—(P)—The Syrian govern-

The MATURE PARENT

Child's Hatred of Rules  
Stems From Moral Neglect

BY MURIEL LAWRENCE

Some time ago, the juvenile court put Carl on probation for truancy.  
However, he still can't seem to obey school rules.

Last week, when he was late for the third time, his attendance  
teacher telephoned his mother. She lied and said Carl had overslept.

When Miss Robinson suggested that he should do his sleeping earlier at  
night instead of late in the day, Carl's mother lost her temper.

"I'll thank you to stop telling me how to raise my boy!" she said  
heatedly. "If he's late, that's my business. I don't have to account to  
you for the way I run my home."

Carl's resentment at authority is his mother's resentment at it. His  
mother gets satisfaction out of his defiance of it. Her resentment at it is  
what makes her lie, conniving with her child to escape the consequences  
of his acts.

This is most hazardous for Carl.

Dr. Karl Menninger has listed what he calls the "unwitting crimes"  
parents commit against children. Among them he includes shielding  
them from the consequences of their acts.

Resentment at authority is a common motive for this moral neglect.

Authority, I discover, is defined as "power derived from respect and  
esteem." Carl's mother can't respect and esteem authority because au-  
thority was mixed up for her with domination. She had a pretty rough  
time of it as a little girl. When she encouraged Carl to defy authority,  
she really defied the domination of the inflexible person who raised her.

Among parents of delinquent children, hate of rules is often very  
marked. It is responsible for their habit of condoning defiant behavior  
and is rooted in an experience with someone who has made obedience  
hateful and degrading instead of emotionally satisfying.

When Carl's mother, for example, attacks Miss Robinson, she is  
avenging herself upon the Aunt Mae who made traps to catch her in lies.  
Her self-esteem has been so deeply bruised that the slightest touch upon  
it gives her deep pain. Unless she can disentangle her hate of Aunt Mae  
from her hate of authority, she will continue to react with violent def-  
iance and encourage Carl's defiance.

Her case illustrates one source of the over-protection that shields  
children from the consequences of their acts. It has not been love for  
Carl that protects him from penalty for wrongdoing, but his mother's  
tragic need to get over her resentment of a dead woman.

In mild form, resentment at authority can affect the parents of  
normal children. When we allow Mildred to persuade us to write a false  
excuse on her tardy note, we may be suffering from a little resentment  
at authority. When we take a high tone with teachers or neighbors who  
report misbehavior to us, our defense of our child is apt to be resentment  
at being called to account for ourselves.

If we do feel irritated at such times, what we need is a little more  
self-respect and self-esteem.

We can be sure that if obedience to law has been made happy for  
us by love, we will not be reluctant to help our son or daughter learn the  
lesson that will make obedience happier and more satisfying to him than  
defiance.

**Power Unit Damaged**  
**By Bolt Of Lightning**

A bolt of lightning which traveled down the wires of the city power and light system, entered a small generator at the plant and knocked it out at about 6 a. m. Friday. The charge caused a sudden fire. The local fire department made a fast trip to the scene and extinguished the blaze with a chemical fog.

George Coldewey, superintendent of the city's light and water facilities, said that although the generator was knocked out, "it impeded power production only to a small extent." Most important casualty in the sudden power reduction was the Nesco plant, where electricity was shut off until about noon, according to Coldewey.

Because the light plant has five generators the plant was able to return to "fairly normal" power production within a short time. Coldewey estimated that it will be several days before the damaged unit will be back in operation. The power load will be thrown on the remaining generators. Damage was extensive in the knocked out unit and it will be next week before we can put it to use again," Coldewey remarked.

Fire Chief Howard Reynolds reported that the lightning bolt could have struck the unit directly, but it is doubtful. Very probably the bolt struck a wire somewhere in the city's light system and traveled to the generator.

**Poppies Made By**

**Be Offered Here**

Saturday will be Poppy Day in Jacksonville and throughout the United States. Millions of Americans will observe the day by wearing memorial poppies in honor of the nation's war dead and by making contributions for the welfare of war's living victims, the disabled veterans and needy children of veterans.

Women and girls of the American Legion Auxiliary and co-operating organizations, will be on the streets from early morning with baskets of crepe paper poppies made by disabled veterans, offering everyone an opportunity to pay individual tribute to the war dead by wearing one of the little red memorial flowers. No price will be asked for the poppies but contributions to the rehabilitation and child welfare funds of the Auxiliary will be received.

All of the Auxiliary's poppy workers will be unpaid volunteers, giving their services for the dual purpose of honoring the dead and aiding the disabled. Among them will be members of three generations, wives, mothers, sisters and daughters of men who have served America in the three wars of this century. The poppy distribution is being directed by Mrs. Ed Litter and Mrs. George Vasconcellos, Poppy co-chairmen of Jacksonville Auxiliary Unit 279.

The poppies to be distributed here have been made by disabled veterans at Jacksonville State Hospital, and are crepe paper replicas of the famous poppies of Flanders Fields which took root and bloomed in the raw earth of the battle graves in Europe, providing nature's floral tribute to the heroic dead. Ever since World War I they have been worn annually throughout the English-speaking world as a symbol of remembrance, and to raise funds for the aid of disabled veterans and children of veterans.

# FROM OUR OLD FAMILY ALBUM...

What nostalgic memories this picture brings. Every Sunday morning we used to drive to Church in Pop's old "fiivver," picking up the Parson on the way. Today I live in a great city. I ride commuter's trains, and dictate letters, and spend endless hours "in conference." But I've never forgotten our Church in the field. It plowed deep furrows in my life, and planted the seeds of real happiness.

Now I worship in the big "City Church." You might think it would be different; but it isn't. Folks are just as friendly. The Truth is just the same. And God is just as close. You see, in the country or in the city, Christians are good people trying to be better. And for folks like you and me who worship God, the Church—big or little—is home.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## I Thank You

I wish to take this opportunity to express sincere appreciation and genuine gratitude to all who cooperated so harmoniously in one united effort... that their accomplishments might eventuate in an institution as modern and up-to-the-minute as the Emporium is now... I want to say

## Thank You...

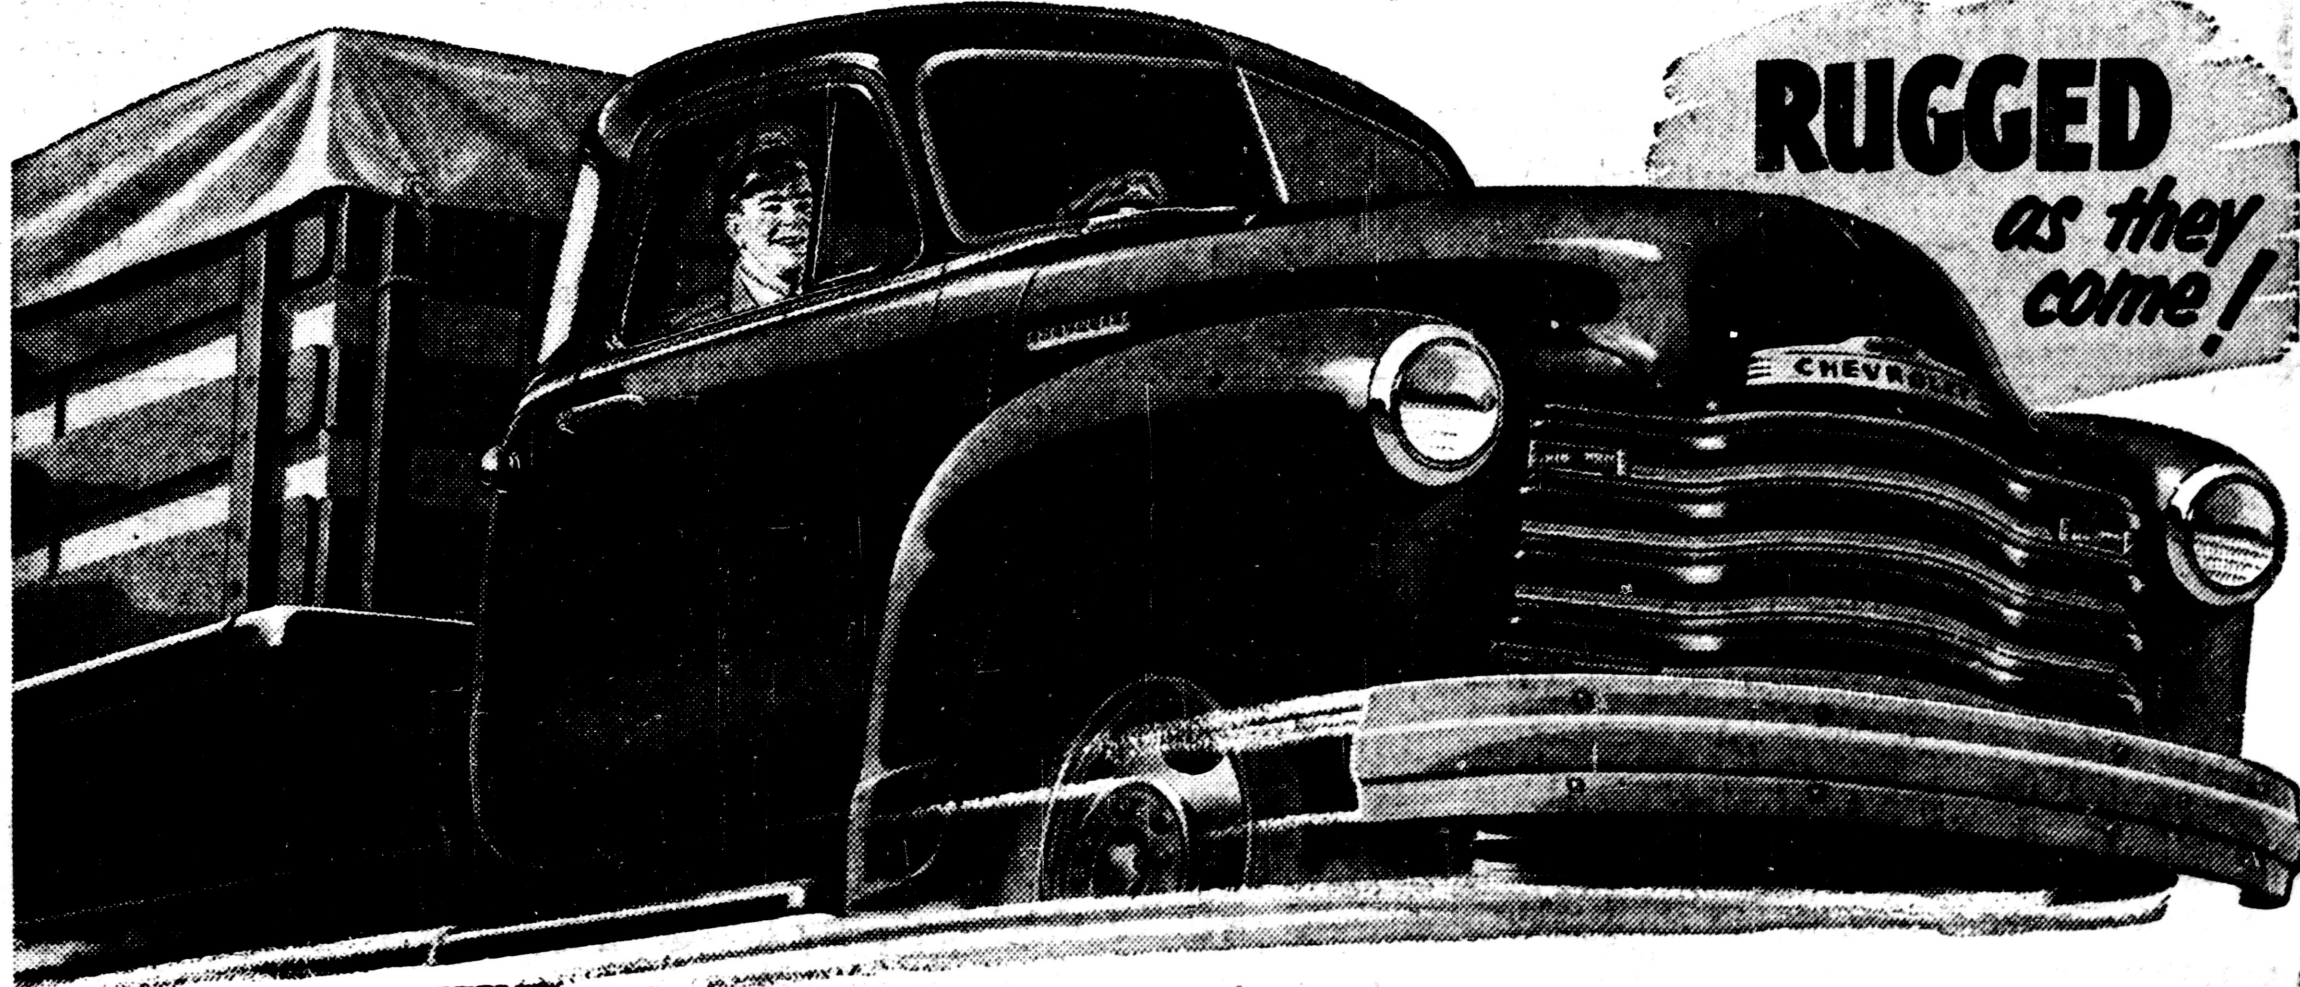

To our friends for their treasured letters, telegrams, magnificent flowers and personal expression of good will upon this occasion; To our loyal customers whose patronage and support have enabled us to expand;

To our suppliers and business associates who have worked so hard to make the Emporium an overwhelming success, I say thank you, thank you from the bottom of my heart...

And in pausing to reflect upon the time of fulfillment and materialization of visions and plans, I'd like you to know that we'll always remember that they have come true thru you.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Stack up what you get for what you pay... and join the nation's largest group of truck users by choosing Chevrolet

By far the biggest number of truck users today are Chevrolet owners... and for good hard-headed reasons. Because what they're after in a truck can be set down about like this:

- 1) It's got to be low in cost. Chevrolet trucks have the lowest list prices.
- 2) Upkeep and operating costs must be low. Chevrolet trucks work for rock-bottom "wages" on fuel and maintenance.
- 3) How well the truck does the job is all-important. Chevrolet trucks are factory-matched to the job.
- 4) The truck must be rugged, long lasting. Chevrolet trucks traditionally bring more at trade-in, for what they cost, than any other truck.

Come in and let's see how a Chevrolet truck can save money in your business.

Fact No. 1

Save money on purchase price: Stack up a Chevrolet truck against any other truck with comparable specifications, capable of handling the same payloads. You'll find the Chevrolet truck lists for less... and brings you great truck features you won't find in many trucks costing much more.

Fact No. 2

Save money on operating costs: Truck users everywhere have proved to themselves that Chevrolet costs less to own and maintain. Valve-in-Head economy, in the Loadmaster or Thriftmaster engines, saves on gas. Special 4-way engine lubrication reduces wear, keeps oil costs low.

Fact No. 3

Save money on job efficiency: You don't waste money by buying "too much truck"—you don't risk work interruption or slow-downs by buying "too little truck." Frame, axles, springs, body, brakes, and power are part of a well-balanced team that does the job at lowest cost.

Fact No. 4

Save money on low depreciation: Records show that Chevrolet trucks traditionally bring more money at resale or trade-in time than any other make which costs about the same new. Here is further evidence that Chevrolet is the best truck buy—and that's why more truck users buy them!

## Coterie Attends Spring Luncheon At Nickel Home

Concord—Mrs. Otto Nickel and Mrs. Roy Nickel were hostesses to the Coterie with a luncheon meeting at the home of Mrs. Roy Nickel.

Twenty-two members and eight guests answered roll call by naming a beauty spot of America. Mrs. Grover Smith of Jacksonville talked of their recent trip into Mexico, Central America and Panama which they took as a member of the trailer caravan. The group enjoyed the excellent slides which the Smiths had taken and were much interested in the articles purchased in the various countries.

At the close of the program Robert Wegheoff played several numbers on the Hammond organ.

Guests were Mrs. Grover Smith, Mrs. George Oberate of Jacksonville, Mrs. Daniel Detrick, Mrs. Edwin Detrick, Mrs. Henry Kircher, Mrs. Robert Kircher, Mrs. Paul Nickel and Mrs. Charles Oberate.

The grammar room of the Concord school were guests of the Chicago Motor Club on Tuesday at their annual picnic held at Illinois College. There were approximately 900 children there. During the noon hour lunch was served to the group which included potato chips, hot dogs, doughnuts, pop and ice cream. Races and ball games were enjoyed during the day. The trip was made by school bus with Clyde Smith as driver.

Those attending were Farrell McGinnis, teacher and the following children, Lonnie Warren and David Vincent, Robert Wegheoff, Carroll McGinnis, Phyllis and Tommy Bennett, Shirley Moss, Charles Beddingfield, Doris Hamm, Peggy Caywood, Shirley Glavin, Wesley McGinnis, David Rayborn, Jimmie DeFries and Tommy Newby.

## Book-Of-Month Can't Advertise Free Volumes

Washington, May 16—(P)—The Book of the Month club has been told it may not advertise as "free" books it sends to members as dividends.

The Federal Trade Commission (FTC) said yesterday in announcing a 3-to-1 verdict against the book club practice. Commissioner Lowell Mason, in a bitterly worded dissent, challenged the other members for what he called "the urge to tell someone off."

The book club announced promptly it would appeal the ruling to the federal courts. Presumably a half dozen other book clubs which use similar advertising would be affected.

Book of the Month club advertising is to the effect that those who join receive a free book and also a free dividend for every two monthly book purchases. Members must buy at least four books a year.

In the majority opinion, Commissioner James M. Read said a free book must involve no charge or obligation, such as having to buy four books a year.

Said Mason: "From now on, Webster's is out the window, and the FTC's Unabridged is in."

## ANSWER TO WAISTLINE PROBLEM ANNOUNCED BY REXALL DRUGGIST

With 25,000,000 Americans overweight by at least twenty pounds, the health organizations, the medical profession and insurance companies have begun a concerted drive to point out to the American public that "your waistline is your lifeline."

One of the few people in this country who can say "I told you so" is Ann Delafield, famed reducing expert and beauty authority. As head of a famous Fifth Avenue salon and author of numerous articles of expert guidance on the subject, Miss Delafield holds what must be the world's record for master-minding the disappearance of literally thousands of tons of unsightly, unhealthy and certainly unwanted fat.

But, characteristically, Miss Delafield isn't content to sit back and look smug as well as handsome as the all-out battle against bulges begins. She has come up with a new kind of answer which may medical and pharmaceutical authorities feel may be THE answer. She worked out a new formula for a supplementary food wafer, non-fattening and low calorie, which is prescribed to be eaten between meals as an appetite appeaser (a "willpower pill," Miss Delafield describes it), allowing you to eat a normal amount of food and quieting craving for excessive eating or gnawing hunger at or between meals.

The wafer (which is also delicious to the taste) is part of a new weight reducing "package," called the Ann Delafield Appetite Reducing Plan, which the Rexall Drug Company has placed on sale in their outlets throughout the country. In addition to the month's supply of the wafers, the package contains a month's supply of vitamin capsules and Ann Delafield's new book to follow step by step as you reduce—and afterward, to give your new figure, new face and new personality their full glamour quotient.

Mr. Heidinger and Mr. Steinheimer of Rexall Drug Stores in Jacksonville announced today that the new Ann Delafield Appetite Reducing Plan has arrived at their stores. As one of 10,000 of the independent druggists associated with the Rexall Drug Company who are releasing this plan simultaneously throughout the nation, Heidinger's and Steinheimer's Rexall Drug Stores are exclusive distributors for this area.

The introductory package is priced at \$6.95, with the repeat package for \$5.95 for those who continue the course.

## Men's Club At Woodson Hears President Talk

Sixteen members of the Woodson Community club met recently at the Presbyterian church in Woodson. The president, Oliver McIlrath, conducted the meeting. The ladies of the Presbyterian church served the banquet.

After the business session the following program was given: John Baptist served as program chairman; Raymond Stewart of Jacksonville favored the club by "rattling the bones," five numbers were presented and well received by the club.

Mr. McIlrath delivered the address of the evening on "Indispensability." He prefaced his remarks with the thought of indispensable people, home, churches, education, transportation, government, health and hospitals and others too numerous to mention. He applied the thought on an individual level showing how each is applied to life today.

The attendance was small due to the busy season for the farmers. The meeting closed with the pledge to the flag and a prayer.

## Baccalaureate For Hillview High May 18th

Hillview—Baccalaureate services for the senior class of the Hillview high school will be held at 7:30 p.m. Sunday, May 18 at the Baptist church in Hillview. Rev. Schadde will preach the sermon.

The eight graduates with the class of 1952 at Hillview high, which is a three year school, are Ann Baker, Dean Baker, Virginia McCaherty, Eugene Dawdy, Harold Ford, Audrey Staats, Donna Bunting and Wanda Wittekuhn.

Graduation exercises will be held Thursday night, May 22 at the school auditorium. Dr. Frank Marston of Jacksonville will be the speaker. Also at this service will be the fifteen eighth grade graduates who will receive their diplomas at this time. Report cards will be given out Friday, May 23 which concludes the school year.

## 58 Pupils Visit Journal Courier

Fifty-eight grade pupils of Consolidated Unit 1 of Morgan county spent an interesting hour in the Journal Courier plant Thursday afternoon, watching men and machine produce the newspaper. The trip to Jacksonville was made in two school buses.

The consolidated district includes grade schools at Alexander, Franklin and Nortonville.

Pupils were accompanied by William J. Treat, principal of the Franklin grade school, and Miss Thelma Daly, principal of the Alexander grade school. They spent the day touring places of interest.

Stores Urge Women, Don't Buy Potatoes

Cleveland, May 16—(P)—Representatives of 6,000 food stores—mostly super markets yesterday urged the nation's housewives to quit buying potatoes.

They claimed the potato industry is profiteering in its dealings with retailers. The dealers made these remarks in a resolution passed at a convention of the super market institute.

The institute's president, S. N. Goldman of Oklahoma City, said retailers are "forced to absorb unusual charges, take tie-in sales with high priced cucumbers and onions and pay side money of 30 cents to \$1 or more per hundredweight for potatoes."

**BUMPER WHEAT CROP IS FORECAST FOR '52**—News above compares 1951 yields of chief winter wheat producing states with 1952 yields predicted by Department of Agriculture. With all but two (Pennsylvania and South Dakota) of the wheat states expected to have larger crops than last year, the forecast for 1952 is a bumper crop of 986,468,000 bushels. Despite crop damage caused by recent midwest floods, 1952's winter and spring yields are expected to total 1,293,468,000 bushels—third largest crop in history.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, May 16—(P)—Hog prices made further substantial gains today, prices rising as much as \$1.25, with the top hitting \$22.85, the highest since \$22.90 was the top Aug. 20.

With only 600 head received, all cattle classes were steady in view of the light supply. Receipt of only 200 sheep were hardly enough to make a market.

Slim receipts of 7,000 hogs and also at the other major market centers was the underlying factor in the gains. The \$22.85 top was paid for two loads and a few small lots of choice lightweights. Heavier butchers sold from \$20.00 to \$22.25. Most choice sows under 400 pounds sold from \$18.50 to \$19.50. A few head topped at \$19.75 and above. Clearance was early and shippers took 2,500.

A truck lot of choice to prime 1,050 pound steers sold at \$36.00. A few loads and lots of commercial to prime choice slaughter steers and heifers brought from \$27.50 to \$34.00. Cows topped at \$25.50, bulls \$27.75 and vealers \$38.00. There were 200 calves on the market.

Odd small lots of both slaughter lambs and slaughter ewes were steady. Utility to choice fed lambs topped at \$28.50. Cull to good slaughter ewes \$11.50 and good to choice ewes sold \$13.50 downward. There were no spring lambs.

ATOMIC TEST DELAYED

Las Vegas, Nev., May 16—(P)—The next atomic test, delayed by heavy radioactivity from the most recent shot at Yucca Flat, is scheduled tentatively for Saturday morning.

Although the blast had been slated for last Monday, the abnormal radioactivity from the May 7 test prevents workmen from getting on the site.

**ALL "SHARKED UP" FOR A WALK**—Floyd Adams, diver at Marineland, in St. Augustine, Fla., goes for a "stroll" with a 10-foot shark. It was a duty promenade, not a pleasure. Exhausted by its struggles to escape capture, the shark had to be kept in motion to force water through its gills before being placed in viewing tank.

## State Prepares To Place More Air Markers

Springfield, Ill., May 16—(P)—An apparent low bid of \$4,790 has been submitted by H. K. Rhoads of Roaring Spring, Pa., on a project to place roof air markers in 100 downstate Illinois communities.

The State Aeronautics Department announced the bid today. Specifications call for 10 by seven foot characters spelling out the name of the community and pointing to the nearest public-use airport.

Last year 100 of the markers were placed. This is the annual goal until complete state coverage is achieved, the department said.

## SOYBEANS SCOOT UP MORE THAN 5 CENTS

Chicago, May 16—(P)—May soybeans scooted up more than 5 cents at times on the Board of Trade today while the rest of the market moved ahead at a much more subdued pace.

Urgent short-covering entered May beans, and there also was quite a bit of it in May wheat. Open interest in May beans at the start of trade totaled 8,953,000 bushels and in May wheat 5,924,000 bushels. There aren't many cash beans available for delivery.

Other soybean contracts, as well as lard and soybean oil, were aided by news West Germany would ship large quantities of canned hams here in exchange for lard and edible oils. Crude soybean oil rose to 10 1/2 cents a pound against 9 1/2 yesterday. Oats were independently weak, particularly the May contract, and heavy deliveries of cash oats and fears there would be more.

Preliminary estimated receipts of grain in carlots: wheat 10, corn 108, oats 43, rye 5, barley 21 and soybeans 26.

Wheat closed 1/2 lower to 11 1/2 higher. May \$2.46 1/2, corn 1/2 lower to 1 1/2 higher, May \$1.84 1/2-1.83 1/2, oats 1/2 lower, May 75 1/2, rye 1/2 lower to 1 1/2 higher, May \$1.99 1/2, soybeans 1-4 1/2 higher, May \$3.04 1/2-3.05, and lard 8 to 35 cents a hundred pounds higher, May \$11.97.

CLOTHING HEAD DIES

Alton, Ill., May 16—(P)—O. J. Miller, 55, who rose from stock clerk to president of the Gately Credit Clothing store chain, died of a heart ailment yesterday.

Miller joined the firm which has outlets in Alton, Decatur, Ill., and Des Moines, Ia., when he was 17.

## New York Stock Market

New York, May 16—(P/P)—It was slow and narrow stock market today. Few features distinguished it. The accent was on the upside.

Prices changed as much as a point or so either way with the bulk of changes confined to small fractions.

Volume dwindled to an estimated 900,000 shares. Yesterday's total was 1,050,000 shares, the first time the volume got above the million-share mark in a week.

There were mild concentrations of plus signs today in Rails, Motors, Utilities, Chemicals, Aircrafts, Air Lines, and Merchandising Issues.

Higher were General Motors, Chesapeake & Ohio, American Telephone, Montgomery Ward, American Cyanamid, and United Air Lines. Lower were U. S. Gypsum and Bethlehem Steel.

U. S. Government Bonds in the over-the-counter market were a little higher on the long-term end.

FRACTURES ARM IN FALL ON STAIRS

Bluffs—Mrs. Leroy Castle is suffering with a broken left arm sustained when she fell down her basement steps Monday while finishing the family laundry.

## Expect Rain, Wind At Speedway For Try-Outs Today

Indianapolis, May 16—(P)—Wind and spotty showers may complicate opening time trials Saturday for the 500-mile auto race May 30 at Indianapolis Motor Speedway, the Weather Bureau said today.

The driver and car with the best speed Saturday will lead the 33-car field. He'll win \$500, too, and an additional \$1,000 if nobody is faster in subsequent trials Sunday and May 24-25.

The pole car hasn't won the race since Floyd Roberts started and finished first in 1938, but owners and drivers like the prestige of topping the program list. The qualification prizes are peanuts compared with the actual race's purse of about \$200,000.

Track and wind conditions make a difference of several miles an hour. It won't be unusual if the fastest cars are held back until shortly before the track closes at 6 p.m. (Central Daylight time) on the theory that the air is likely to be calmer then. It will open at 11 a.m.

## Hamner's Single In 10th Beats Cincinnati Reds

Philadelphia, May 16—(P)—Gran Hamner singled with the bases loaded in the tenth inning tonight to give the Philadelphia Phillies a 3-2 win over the Cincinnati Reds. Winner Ken Heintzelman helped his own cause along in the final frame by bunting and making first safely on a fielder's choice. The victory was number four in a row for the surging Phillies.

Although Heintzelman received credit for his first win of the year after entering the game in the eighth inning, it was Carl Drews who started and performed the Philadelphia mound chores for the first seven. Drews allowed only three Cincinnati hits in that stint before giving way to a pinchhitter.

## Labine Pitches Dodgers To 6-4 Win Over Pirates

Brooklyn, May 16—(P)—Clem Labine pitched seven scoreless innings of relief today as Brooklyn came from behind to nip Pittsburgh, 6-4, in a free-hitting game. Ralph Kiner was out of the Pirate lineup with a pulled muscle in his back.

It was the first victory of the season for the blond right-hander whose five wins in the final month almost saved the pennant for the Dodgers last fall. Taking over in the third, Labine allowed only three hits the rest of the way and struck out five batters while walking three.

Carl Erskine, Brooks starter, was knocked out in the second and the Pirates scored four runs before reliever Joe Black could retire the side. Jack Merson started the Pirates with a double that Cal Abrams failed to catch with a one-handed try near the leftfield bleachers.

## Good Golf's Easy

## You Can't Hit Anything If You're Not Relaxed—Burke

By JACKIE BURKE  
Golf's Newest Star  
Don't try to think about the various parts of your swing while you are swinging.  
The time for that is when you're practicing. For a free and easy swing out on the course, your mind must be free and easy.  
Relaxation is the whole thing in golf. You can't hit anything if you're tense, so loosen up. If muscles tighten, the swing suffers.  
You just can't say, "I want to be relaxed," and unwind. It's much more difficult than that. You've got to know how to make yourself relaxed.

And remember that you can never be loose if you are not in fine condition.

Frankly, relaxation in golf comes with experience and confidence.

They can talk all they want about the hungry prize fighter and ball player being the best one, but that doesn't hold true in golf.

A young professional, making his first tour while suffering from the financial straits and sleeping in trailer camps, is more likely to tighten up than a more seasoned hand whose position is secure.

The seasoned player who has fared well is more likely to do considerably better than all right because he has nothing to worry about.

One playing professional will be relaxed if he is in an early pairing and scoring well. Another—say Ben Hogan—will be loose and an even more fierce competitor if he has something at stake to shoot.

If in addressing the ball you feel taut, walk away from it.

Take a couple of swings. Flex the knees and elbows.

Stretch the arms upright and out. Bend your back.

Perhaps it would be a good idea to loosen your grip.

Al Cluett was telling me how he built a 44-year-old member of Fresh

## LOCAL BOAT CHAMPS

Paul Engle (left) and Bob Linebaugh are two Jacksonville speed boat pilots conceded a good chance to carry off some blue ribbons in the big races to be held here Sunday afternoon.

The Midstate association races, the first of the season, will start at 1 p.m. Sunday.

Nearly 100 water speedsters will enter the races. They represent racing clubs from Danville, Decatur, Havana, Peoria, Quincy, Springfield, Alton, Wood River, Atlanta and Buffalo in Illinois, and St. Louis, Iowa and Indiana, will post entries.

The local V.F.W. will give a demonstration with their "Duck" between races.

## Rain Ends Stock Car Contests Here Friday

Cold rain, bucketful of it, drowned out the stock car races at the county fairgrounds at 8 p.m. last night. Only one heat race was run, and it was completed at the start of the downpour.

The management announced that next week's regular schedule would be augmented by a special 25 lap, started in reverse, feature.

Eddie Freese of Quincy set the fastest time trial of the evening, 17.65.

Earl Pester of Jacksonville won the only race of the evening. Freese came in second; Herbert Glancy of Jacksonville, third, and Russell Cole of Jacksonville, fourth.

## RALPH KINER TO VISIT HOSPITAL

Brooklyn, May 16—(P)—Big Ralph Kiner, slugging outfielder of the Pittsburgh Pirates, said today he plans to visit John Hopkins hospital in Baltimore in the next five days for X-rays of his back.

Kiner said his back has been bothering him for several days. He is in a terrible batting slump, hitting a weak .215.

## Rush, Klippstein Give Cubs Twin Win Over Giants

New York, May 16—(P)—The Chicago Cubs, beaten eight straight times by the New York Giants, turned on Leo Durocher's pennant winners this afternoon to take both ends of a doubleheader, 3-2 and 6-4, before a crowd of 11,350.

The twin defeat dropped the Giants into a first place tie with the victorious Brooklyn Dodgers. It also snapped a five-game New York winning streak.

Bob Rush pitched the opener for the Cubs, allowing only five hits, one of them a homer by Don Mueller to post his fourth win of the year.

Dave Koslo started for the Giants, but was lifted for a pinch-hitter in the fifth after giving the Cubs all of their three runs and eight of their 12 hits.

The 31-year-old southpaw was charged with his second defeat. In the nightcap, 24-year-old Johnny Klippstein, yielding six hits, chalked up his third win. A two-run homer by Hank Sauer and a three-run clout by Frank Baumholtz gave Klippstein all the cushion he needed.

**PAY-OFF**—Jackie Burke's fall follow through is the result of a relaxed stroke. (NEA)

Meadow mentally to help him win the club championship after 22 years of trying. Professional Cluett applied psychology, relaxed the veteran amateur by repeatedly telling him, "With a swing like that, you can't miss." And he didn't.

You must be keen, but not too keen, for it is imperative that you be as relaxed as you can.

Relaxing, quite naturally is much more difficult for some than for others.

Concentrating on only the simpler things helps.

A good swing will take care of the results you want, so relax and execute it.

Forget the results while making the swing, and you are more likely to be relaxed.

## Third Victory Sought; Weather The Champ In Initial Day Trials

By Charles Chamberlain  
Champaign, May 16—(P)—Wendell Phillips, Chicago's Negro high school, today lived up to its billing as favorite by topping preliminary qualifying trials in the 58th annual Illinois state high school track and field meet.

Seeking its third straight team championship, Phillips won four places for tomorrow's finals, and also qualified its 880-yard relay team.

Three berths were landed by Danville, Evanston, New Trier and Oak Park.

School-boy athletes competed in some of the most miserable weather in the meet's history. The University of Illinois cinder path at Memorial Stadium was flooded on one side by a heavy morning rain and a 25-mile-per-hour, northeast wind lashed the thinly-clad throughout the trials. Temperature was a goose-pimpling 52 degrees. More rain and cold is forecast for tomorrow.

**Weather Sets Only Record**  
Under the circumstances, no records were approached, even in four field events which were chased inside at the Illinois armory.

In the discus throw which was held outside, Ken Meek of Hall of Spring Valley won with 150 feet, 8 1/2 inches.

In the only other final event held today, the running broad jump in the armory, Jerry Kreyger of Mt. Vernon leaped 22 feet, 5 1/2 inches to finish first.

**Three Inches Short**  
Larry Staff, a 250-pound senior from Vandavia who was given the best chance of all entrants for a new state record, headed shot-put qualifiers with a toss of 55 feet, 2 1/2 inches. This was three inches shy of the state mark which Staff has surpassed previously. He will get three chances to crack it in tomorrow's finals.

Phillips will bank its hopes of repeating for the team title on one dash man, one hurdler and its 880-yard relay crew in what should be a low-scoring and close race for honors.

Carrying the iron-man load will be Dick Parkman in the 180-yard low and 120-yard high hurdles, and

Spahn gave the Cardinals seven hits, four of which were bunched for three runs in the third inning. Lowrey landed a bases-loaded single to drive in Bill Schoendienst and Red Rice and Red Schoendienst drove past second baseman Hartfield's outstretched glove to counter Tommy Glaviano, who drew a base on balls while pinch-hitting for Schmidt.

**Senators Take 2-0 Victory On Shea's 2-Hitter**

Cleveland, May 16 —(P)—Ex-Yankee Frank Shea and Jackie Jensen led the Washington Senators to a 2-0 victory over the Cleveland Indians tonight. Shea surrendered only two singles for his third straight victory, and Jensen knocked in both runs with a sixth-inning single off Early Wynn.

Shea got six of his nine strikeouts in the first four innings when Dale Mitchell was the only Indian to get on base. Mitchell got the first of five walks by the ex-Yankee right-hander.

Since the Yankees traded Shea, Jensen and two other players to Washington two weeks ago in a deal for outfielder Irv Noren, Shea has allowed just two runs in winning three starts. He pitched a four-hitter, a six-hitter and tonight's two-hitter.

Layton Yeakel of Meredosia, conceded a good chance to place in the shot put, was hit in the arm with an iron ball during a warmup yesterday afternoon and was unable to compete.

Lyndell Smith of Carrollton made the best showing of any Jacksonville area cinderman. He qualified in two events.

The lucky Carrollton athlete ran the 120 yard high hurdles in 15.3 to qualify for the finals Saturday. After succeeding in this event he hustled over to the Army, took one high jump and qualified for the finals with a leap of 5 feet 10 inches.

The Jacksonville high school 880 yard relay team placed third in its heat, and did not qualify for the final Saturday.

Ron Kemp, Crimmon lead-off man, opened up a 10 yard lead in the relay. George Jones was even with his opponents at the end of the second 220 but Fred Goody lost five yards in the third lap and Norvel Cannon, the anchor man, could not make up the difference.

The heat was won by Sullivan in a time of 1:37.7.

Bill VanSpankeren of I.S.D. also competed in the broad jump, but his best leap of 19-6 fell short as the winning distance was 22-5 1/2.

The Memorial Stadium cinderpaths were water-soaked, with water even standing in puddles. Kemp and VanSpankeren drew bad lengths and were forced to run

## Braves Wallop Cardinals 8-3 Before 7,498

Boston, May 16—(P)—The Boston Braves teed off against Wilmer (Vinegar Bend) Mizell in lustrous fashion in the second inning to night to defeat the St. Louis Cardinals, 8-3. The Tribesmen supported lefty Warren Spahn with a ninth-inn attack against three Cardinal hurlers.

The Tribesmen's largest home crowd of the season, 7,498, saw them clinch their third straight triumph by blasting rookie Mizell for five runs.

Spahn gave the Cardinals seven hits, four of which were bunched for three runs in the third inning. Lowrey landed a bases-loaded single to drive in Bill Schoendienst and Red Rice and Red Schoendienst drove past second baseman Hartfield's outstretched glove to counter Tommy Glaviano, who drew a base on balls while pinch-hitting for Schmidt.

Alias Basil Willing

By Helen McCloy Copyright 1951 by Helen McCloy Brown, printed through permission of the publisher. Random House, Inc. Distributed by HSA Service, Inc.

THE STORY: Jack Duggan, a private detective, has been murdered while manhandling under Basil Willing's name. The same night, Miss Katherine Shaw, aged and blind, who apparently was to meet Duggan at the home of Dr. Zimmer, dies. Miss Shaw's nephew Brinsley and secretary Charlotte Dean cannot shed light on her death. But a private Lawrence faints when Basil is discussing Duggan's demise. Basil learns from Frank Lyle, a friend of Duggan's, that the girl's father Stephen Lawrence is suffering from an incurable disease. Basil now is talking to Police Inspector Foyle, who has been investigating Duggan's belongings.

sonnets? Perhaps there's a Scottish Writer to the signet in this case! Like K. S., the letters W. S. are evidently the initials of somebody or something."

Basil moved over to the window. The cat followed and sprang to the sill, fixing mindless, yellow eyes on the yard below with the academic interest of a well-fed pet.

"Quiet here." Basil looked at the black fur. "He's an indoor puss who never tangled with a rat or an alley cat in his life."

Basil picked up a book in the rough, dingy binding of the public library. "Keats. . . Odd choice for a man who had no books of his own except works on criminology. . ."

DR. ZIMMER'S office address was on Park Avenue but the door itself was around the corner. Basil sat in a waiting room where the furnishings were severe, colorless and businesslike until an elderly nurse summoned him to Zimmer's office.

Zimmer smiled. "A good chance to discuss the Heisenberg variation?" He offered a comfortable armchair and cigarette. "I admit I was a little surprised when Stephen Lawrence suggested this consultation. I thought he was satisfied with the progress I have made, though I suppose treatment always seems slow to a layman."

"Lawrence seems to feel that his daughter is worse instead of better since coming to you. I told him that often happens."

"Of course," Zimmer was composed and urbane. "We are bringing the disease out into the open in order to get rid of it. My decision on Perdita Lawrence in this folder. Would you like to read it?" "Thank you, I would."

Basil turned to other papers on the desk while Basil read. The record was a model of neatness and thoroughness and it told Basil absolutely nothing that he did not already know or suspect about Perdita.

Her physical health was good, her intellect alert, tastes cultivated. But she was emotionally undeveloped for her age. . .

BASIL looked up at last to find Zimmer's alert blue eyes studying him with interest. "So?" "I see nothing wrong with your treatment," said Basil. "My method might differ in detail. But we both agree in principle that subconscious anxieties must be resolved consciously and that external pressures should be removed wherever that is practical."

"I thought the Viennese school paid no attention to external pressures and concentrated on distorting the personality to fit an environment, however intolerable."

Basil laughed. "I don't belong to any school. Do you?" "My teacher was a Gestaltist—Gestalt of Prague. As I grow older, I find myself modifying many of his ideas and borrowing others wherever I find them—even from Vienna."

Basil picked up the folder again and flipped the pages until he came to the last one. "These dinners for patients and their families are a new idea to me."

Zimmer spoke earnestly. "I learn more about a patient from one of those dinners than from hours of office visits. When the orthodox Freudians made the patient relax on a couch and they induced an almost hypnotic state. They all saw was the passive, dream-side of his mind."

"Sometimes you get amazing insight that way."

"More amazing than reliable," insisted Zimmer. "I'd like to see her at my office some day this week. I don't expect my medical findings to be different from yours."

"Won't all your findings be medical?" "How can they be in a case of this sort, involving murder as well as neurosis?"

## Hawaii Subject Of Winchester Club Program

Winchester—"Paradise of the Pacific" was the theme of the final meeting of the Evening Educational department of the Winchester Woman's club held Thursday evening at the Legion hall. Mrs. Homer Rockwood gave a short talk on her trip to Hawaii and showed several slides. Mrs. Frank Redshaw gave the event of the day on Hawaii. She was assisted by three of her students, Charles Glover, Bill Scott and Larry Little, who spoke briefly of the people of the isles.

The committee in charge of the program, and the supper which preceded it, included Mrs. Ralph Peak, chairman, Mrs. John Barnett, Mrs. Howell Hitt, Mrs. Chester Knapp, Mrs. Bea McMullen, and Mrs. Norbert L. Hutchens. The committee were attired in Hawaiian costumes and later gave a brief dance program to Hawaiian music sung by Mrs. Paul Garrison and Mrs. Muriel Hardy.

Mrs. Norman Herren was installed as new chairman for the department for the coming year. She appointed the following chairmen of committees: program, Mrs. Marvin Tholen; ways and means, Mrs. Margaret Wilkey; project, Mrs. Henry Corrie; hospitality, Mrs. Bert Willy; membership, Mrs. Stan Paris; soliciting, Mrs. Frank Cowlick; nominating, Mrs. Dale Pittenger; attendance, Mrs. Jesse Saffer.

At the short business meeting the members voted to give \$40, which is the balance of the \$200 project fund to the band to purchase an instrument. They also voted to give \$10 to the Girl Scout drive.

A silent auction was held, at which \$27 was raised. This was in charge of the ways and means committee which included Mrs. Norbert Hutchens, Mrs. John Barnett and Mrs. Ralph Peak.

**Personals**  
Mr. and Mrs. Tom Coultas and daughter of Pasadena, Calif., are visiting his parents, Mr. and Mrs. Glenn Coultas. They had been to Pontiac to attend the funeral of Mrs. Coultas' grandmother.

Mrs. R. R. Gasen returned Wednesday from Fayette, N.Y., where she has been visiting Mrs. R. R. Gasen and children.

Mrs. Harry Montgomery and Mrs. Clayton Stewart entertained the members of their bridge club at a one o'clock luncheon at the Hotel Winchester Thursday.

The Misses Louise Nance, Dona Clark, Betty Rue Schwab, Lucille Hendershot and Marjorie Mason spent Thursday evening in Carlinville.

Miss Jean Patterson, who attends medical school in Chicago, spent the weekend with her parents, Mr. and Mrs. Everett Patterson.

Jim Evans, Scott county farmer, fell Friday morning in his pig lot and broke two bones in his left leg. He was taken to Our Saviour's hospital for treatment.

Mrs. Virginia Stice is a patient at Our Saviour's hospital where she underwent surgery on Wednesday.

Mr. and Mrs. Allan Watt entertained the members of his Sunday school class at a party at their home Thursday evening. Movies were shown and games were played. ## Inquest Jury Finds Oklahoman Died Of Heart Ailment

A verdict of coronary thrombosis was returned by a coroner's jury yesterday afternoon after hearing evidence in the death of George W. Noone of Drumwright, Okla., who died suddenly near this city after his pickup truck backed into a ditch while he was turning the truck around on U.S. Routes 36-54. The inquest was held by Coroner B. B. Ridgway at the Reavy Funeral Home.

Evidence indicated that Noone, a retired lighting contractor, was stricken by a heart attack during excitement after the truck ran off the pavement. The truck was not damaged when it backed from the pavement and stalled in a ditch.

Mrs. Pearl Noone, widow, who was traveling with her husband from Joliet, Ill., to Drumwright, testified that they stopped at the Grain tourist cabins in the east part of the city Thursday evening, later visiting the business district here at the evening meal. They became confused and took the wrong route while trying to get back to the tourist cabins.

Mrs. Noone said after traveling a short distance from the city limits her husband realized he was on the wrong road, and started to turn around. After backing into the ditch he talked to her for a short period, then became silent. She had gotten out of the truck, and looking closer, found that her husband was unconscious. He was taken to Our Saviour's hospital, but was dead on arrival.

The widow told the jury her husband was in Hines Veterans' hospital about two years ago for treatment of a coronary trouble.

Deputy Sheriff John Reeve, one of the first to reach the scene, was another witness. A medical statement by Dr. Albert Fricke was read to the jury.

Jurors included A. C. Jantzen, foreman; Terrance Brennan, A. E. Williamson, Robert Phillips, Anton Walker, and Henry Peters. Testimony was taken by Mrs. Nancy Schindler, inquest stenographer.

The remains will be shipped to the Smith and Son Funeral Home at Cushing, Okla., Sunday morning. Services will be held there. Burial will be made in Cleveland cemetery at Cleveland, Okla.

## Bacterial Wilt Infestation Seen For This Area

Farmers of Morgan county will find gray leaves in their corn fields, shortly after the close of the state fair. That's the prediction of G. H. Boewe, plant pathologist of the Illinois State Natural History Survey, Urbana.

In his fourth annual forecast on Stewart's disease, or bacterial wilt, Boewe asserts that late season leaf blight will be severe throughout west central Illinois this season. Last year he predicted the infestation would be moderate. It was at least that, with many farmers calling it severe.

The disease makes the plants highly susceptible to stalk rot and many of them fall to the ground before harvest time. The quality of the corn is also diminished, with a relatively high percentage of chaffy ears.

Farm Adviser E. H. Garlich said Friday that "there is no known practical solution to the late leaf blight problem. We have it every year. Sometimes it doesn't amount to much; in other seasons it is costly."

Boewe based his prediction on the overwintering survival of the flea beetle, the accepted host of the disease. The lower two-thirds of Illinois will be hard hit, he feels.

## Lillie Armstrong Dies At Franklin, Her Birthplace

Franklin—Mrs. Lillie Hart Armstrong, 81 years old, died at 11:30 a.m. Friday at her home here after an extended illness. She was a lifetime resident of Morgan county, born at Franklin Oct. 1, 1870, the daughter of James and Martha Allen Hart.

Her husband, Charles Armstrong, a son and daughter preceded her in death.

# Routt Singers To Hold Crowning, Reception

On Sunday afternoon the Routt Glee club will present its fifth annual May Crowning which honors Mary, mother of Jesus. At 2:30 two lines of girls in pastel formal will move down the middle aisle of the Church of Our Saviour, each carrying a red rose and singing the traditional kourdes hymn, "Immaculate Mary."

With the girls of the senior class as her court attendants, Miss Beverly Dee will enter. She was chosen by her fellow students to act as queen of the ceremony.

Miss Beverly Dee  
She is the daughter of Mr. and Mrs. Garrett Dee, 352 E. State street.

Sandra Ring will be her train bearer, Danny Tholen her crown bearer, and Barbara Devore and Sharyn Bourne will have roles of attending angels.

The court will proceed to the sanctuary where Miss Dee will place a wreath of flowers on the statue of Mary. The girls will recite an act of consecration to Mary and kneeling will sing Rachmaninoff's "Ave Maria." Throughout the ceremony the girls will sing May hymns.

After the crowning, Father John Morris will speak. Benediction of the Blessed Sacrament will follow. At the conclusion of the service the girls will leave the church singing "Hail, Holy Queen." Mrs. Alta Elsch will direct the music with Sister Vincent de Paul, O. P., and Sister Mercita, O. P., in charge of the coronation ceremony.

Immediately following, there will be a reception for the mothers held in Fornax Hall. The queen and her court will preside at the punch bowl. A program has been arranged which will honor all mothers.

The Senior-Junior Glee club will sing "Let All My Life be Music" and "The Lilac Tree." Solos will be sung by Margaret Blesse, Cecilia Dpoin, Geri Taylor and Agnes Milburn. Harriet Lerner will give a reading, and a quartette of Margaret Ann Williamson, Sue Henry, Margaret Devore and Frances Kindred will sing "With A Song In My Heart," Rogers.

The program will close with two numbers, "It's the Loveliest Night of the Year" with Celeste Flynn as soloist and "Make Believe" by the combined Glee clubs.

Doris Cosgriff will announce the program. The Dominican Sisters, teachers at Routt, will be hostesses with the girls for the afternoon.

## Morgan Farmer Names New Hog Cholera Vaccine

Everett G. Reynolds of rural route 5, Jacksonville, was the winner of a national contest to name a new virus produced by the Anchor Serum company of St. Joseph, Mo. Reynolds named for the new product, a modified hog cholera virus, was "True-Vac."

It is scheduled to be released late next month.

Current vaccination against hog cholera involves injecting a small quantity of active hog cholera virus and a counteractive amount of serum to build up immunity in the animal. The actual hog cholera, bottled, is brought to the farm.

The new serum is a modified strain evolved through progressive inoculations of rabbits, and then through swine. It will not start cholera on the farm, but will prevent it.

The Missouri firm is one of the chief suppliers of serum and virus to the Illinois Serum company, an I.A.A. cooperative. Mr. Reynolds has been a board member of the company for the past 12 years.

The founder of the Anchor company was True Davis. Its present head is True (True Boy) Davis, Jr.

## Describes Amalfi, Kashmir, Tokyo To Sorority Women

Mrs. Robert C. Horner of Petersburg, was the guest speaker at the meeting of Gamma and Xi Alpha Upsilon chapters of Beta Sigma Phi, held this week at the home of Miss Jeanette C. Powell, 1054 W. Lafayette avenue.

She shared her talk on the sorority manual of "The Place Beautiful," and gave her memories of the most beautiful places she had visited in Europe and Asia.

The first she named was Amalfi, renowned tourists' mecca on the north shore of the Gulf of Salerno in northern Italy. The second was the Gardens of Kashmir in India, where she and Mr. Horner spent a week or two living on a houseboat. The third place was in Tokyo, Japan, at the Silver Pavilion and the Nightingale Walk.

Prior to the talk by Mrs. Horner a brief business meeting was conducted by Mrs. Lynn Gray, president of Gamma chapter. It was announced that four members of the two chapters will usher at the Gaylord Spotts Dance Debut on Wednesday.

Immediately following the business session, the exemplar degree was conferred upon three members of Gamma chapter, Mrs. Ray Broekel, Mrs. Thomas Svob and Mrs. Florence Stewart. Miss Powell read the candlelight service.

Miss Powell also read the installation ceremony in which Mrs. Marlan Chase Schaeffer became social sponsor of the two chapters. This ceremony was held by the late Mrs. Helen Brown Read from the time Gamma chapter was installed in December, 1932, until her death in April, 1950. Mrs. Schaeffer is leaving later this month for a trip to Europe.

Miss Powell, assisted by several of the members, served refreshments at the close of the evening.
